

# Vaibhav Singhvi

## Data Scientist and Web Developer

Being a Tech-Enthusiast I love learning new technologies, as of now I have knowledge of Graphic Softwares and full-stack web development with an edge in Front-end. Apart from this, I am a decent coder with 5 stars at HackerRank and 3 stars at Codechef. Also, I have recently started working on some ML projects.

- I worked as an graphic and video designer and was responsible for creating promotion pamplates and videos.

## ORGANIZATIONS

Computer Society of India (CSI), JUET (10/2021 - Present)

Secretary, Multimedia and UX/UI CLub (CSI)

JUET Youth Club (JYC) (08/2019 - 10/2021)

Volunteer, JYC Literary Wing

## SKILLS

C++

Python

MySQL

PHP

Designing

ReactJS

NodeJS

Javascript

Machine Learning

HTML

CSS

JAVA

Photoshop

Premier Pro

AWS

ExpressJS

MERN

NextJS

MongoDB

TypeScript

Jest

## PERSONAL PROJECTS

Algorithm Visualizer (VIZALGO) (02/2022 - 05/2022)

- This was an algorithm visualizer which visualizes various DSA algorithms. The website was made with help of ReactJS

MoviPidea (05/2022 - 05/2022)

- This was an online movie library where user can see and find their favourite movie, starcast and its IMDB rating. User can also add movies to wishlist. The website was made using ReactJS and IMDB api

KrishiCulture (04/2022 - 04/2022)

- This is a simple ML and DL based website which recommends the best crop to grow, fertilizers to use and the diseases caught by your crops.

Rubik's Cube Solver (10/2021 - 12/2021)

- This project concentrates on solving a unsolved Rubik's Cube. The program contains OpenCV libraries and when executed will show a live video from the webcam. It uses AR notations to guide user

E-Pathshaala (08/2021 - Present)

- Its a full stack website which will contain online video lectures (courses) on different topics and user can purchase them and learn from them

Invoice Generator (07/2021 - 08/2021)

- Its a website from where user can calculate GST and other taxes and can generate and print the invoice from there itself

Made for Maid (06/2021 - 08/2021)

- Its a full stack website from where user can hire maids online for their day to day needs. Also new maids can register themselves in this website

My JUET Library (04/2021 - 05/2021)

- It was an android app, from where user can search for all the books online.

## ACHIEVEMENTS

150+ problems solved on Leetcode (02/2022 - Present)

Solved more than 150 problems on leetcode platform in DSA section

5 Star Coder at Hackerrank (01/2021 - Present)

5 star Coder at Hackerrank in Problem Solving

3 Star Coder at Codechef (10/2020 - Present)

3 star coder with 1618 rating

CCNA and PCAP certified by IBM (08/2020 - Present)

Qwiklab Quest and Skill Badges (10/2020 - Present)

Had earned qwiklab quests and skill badges from Google Cloud Platform
